**WRITTEN STATEMENT BY APPLICANT  
PURSUANT TO 37 CFR 1.133**

Dear Sir:

This is a written statement by applicant pursuant to 37 CFR 1.133 in relation to a telephone interview conducted with Examiner on July 5, 2005.

At the interview between the Examiner and the agent for the applicant, the following matters were discussed.

(A) The Examiner stated that she had considered a proposed amended Claim 25 which had been submitted by the applicant on June 13, 2005 for advance consideration prior to the interview. The agent for the applicant stated that further amendment was now proposed, in particular in order to include, within the body of the claim, the feature of unimpeded access to the platform and the feeding means. This additional feature was proposed to distinguish prior art, such as the Trail reference, which was directed to cages suitable only for indoor feeding of caged birds, and is consistent with the preamble of the claim which indicated that the apparatus was for outdoor feeding of wild birds.

To define this feature, the applicant proposed to divide the two features of subpara. (a) of the previously proposed Claim 25 into two separate limitations, one to the platform and the second to the plurality of cover support members; and at the same time reorder the limitations so that the cover member would be introduced following the platform; and the cover support members would be defined as providing substantially unimpeded access to the platform from all sides.

The Examiner agreed that the structural limitation of providing unimpeded access to the feeder means from all sides would overcome the Trail and Mattox references.

(B) The Examiner adverted to the Golden reference as disclosing a hollow support means; however, the applicant confirmed that the reference was directed to providing a means to propel food upwards from a supply at a level below a feeder, and did not disclose any means of carrying waste downwards, which would clearly distinguish this reference.

(C) No agreement was reached as to allowability, but the Examiner invited the applicant to file a response to the Office Action including the proposed amendments as discussed, but stated that the amendments as proposed might necessitate an additional search.

Should any payments be necessary, the undersigned hereby authorizes the Commissioner to debit and/or credit our Deposit Account No. 16-0600.

Respectfully Submitted,  
Nicole PAQUETTE
